# Tally Incorporates New Rupee Symbol In New ERP Offering

*Added 24th Feb 2011*

CIO TEAM

Tally Solutions announced the launch of Tally.ERP 9 Series 'A' Release 3.0, which includes new features and functionalities including the incorporation of the new Rupee symbol; includes Arabic language and allows multiple transactions in a single voucher. According to the company, the use of the new Rupee symbol will help enterprises addressing the needs of the industry in terms of output capability. The new solution facilitates for 'inter-currency' conversion. Tally allows the user to select a base currency (say INR in this case) and converts the consolidated reports of all international branches of the business into the same. Hence, if a business unit has branches in the US. as well as UK., The reports will be churned out not with the corresponding '\$' or '£' values but in '₹'. This facility however requires the user to feed the current currency values into the system to enable this function. "The focus has been to absorb the complexity of providing a simple yet functionally rich and flexible product. With the inclusion of the Rupee symbol, Job Work for Outsourced manufacturing and Arabic, the capability of Tally.ERP 9 has gone a couple of notches up" says Mr. Shoaib Ahmed, President, Tally Solutions. The solution introduces new enhanced features to their existing models. For e.g the new Banking module offers filters such as dates, payment modes, and modes of transactions. It allows automatic carrying forward of the un-reconciled bank transactions from the current year to the subsequent year. The company also claims to have enhanced features in their Job Work module that attempts to simplify Multiple order tracking, tracking of stages of Work-In-Progress or assessing the status of finished goods becomes easy. The Income Tax for Payroll feature enables processing of employees' salaries, calculates tax and submitting of returns such as ITR1 as well as covers relevant statutory compliances like Form 16A, Form 12BA, PF, ESI, PT, Gratuity etc
