Pune: Management software company, Tally Solutions, on Tuesday launched an upgrade version -- Tally ERP 9 Series 'A' Release 3.0 -- that has been designed for seamless business execution - with new features and enhanced functionalities - including the incorporation of the new Rupee symbol.

The new version, includes introduction of a bi-directional language feature, simplification of business processes via Job Work, and Payroll via Income Tax for payroll. "The new Tally, has features to assist several industry sectors in streamlining their businesses. The banking module, now makes transactions easier to record, execute, and monitor - by filters such as dates, payment modes, and modes of transactions - thereby simplifying records, to pave a comprehensive route for smooth bank reconciliations," asso-

COST EFFECTIVE

■ "At less than Rs 15,000, this is a very cost-effective solution, to trigger business growth through automation," said Tally's head for Business Development, Ravindra Kumar Sinha.

ciate vice-president for Tally Solutions, Aravind K S told reporters here.

The enhanced cheque printing configuration - with a separate 'Cheque Printing' report, enables multiple cheques to be printed with ease. Thus, cheque details can also be recorded after printing. The Job Work module, promises to reduce cycle time, increase efficiency, and cut costs; it also has the capability to create easier manufacturing workflows, while simplifying inventory management.

"Be it multiple order tracking, tracking of stages of 'Work-In-Progress', or as-

sessing the status of finished goods, it all becomes easy via this software. Hence, whether it is stock valuation, generating profit analysis' on finished goods, or raising a bill of material etc, the product comes handy," he said. The Income Tax for Payroll feature, enables hassle-free processing of employees' salaries, simplified calculation of tax, and submitting of returns such as ITR1. It also covers relevant statutory compliances such as the Form 16A, Form 12BA, PF, ESI, PT, Gratuity etc.

Furthermore, it also facilitates department-wise salary changes, and can inherit changes made - to all employees that belong to the respective department or group. The pre-closure of orders, enables the closing of pending orders - without making any additional entries - and without making any amendments to the existing orders. This helps in maintaining accurate pending order summaries, while preventing losses from dead stock.
